### Discussion

1. Has there ever been a part of the Christian faith you have struggled with believing? Please take some time to share. How was your faith strengthened in that area?
2. In the message, the pastor said one key evidence of Jesus' resurrection are the changed lives of the disciples and Christians today. How has Jesus changed your life?
3. When you think about following Jesus, do you think Jesus is waiting for you to have all of your questions answered *first* before you choose to follow Him, OR do you think He's wanting you to trust Him now and the answers will come later as your relationship with Jesus grows?
  - Even one of Jesus' disciples wasn't convinced that Jesus rose from the grave until he saw Jesus.
  - Read John 20:24-29
4. What would look different about your life if you remembered Jesus isn't afraid of your doubts? How does this change how you treat others who still lack faith in Jesus?

Pray with your group about facing your doubts and challenge one to foster a culture of transparency within your group.
